

Introducing DS-Live™

and Migration Path from WebVMS2

Introducing DS-Live

All new products will now be connected to our powerful and intuitive Managed Services platform DS-Live, which is a turnkey subscription solution, and can include a dedicated SIM card and connection to the most advanced sign management system available.

WHAT HAPPENS TO WebVMS2?

WebVMS2 platform will be switched off in February this year, 2020

FEATURES: –

- ✓ DS-Live will continually monitor your Sign and advise if actions are required.
- ✓ The new platform provides an easy to use interface.
- ✓ Real time & fast updates of Messages when fitted with Data Sign SIM cards
- ✓ New Dashboard & more user friendly
- ✓ Continually improving and enhancing new features

I HAVE EXISTING SIGNS – WHAT DO I NEED TO DO?

You will be able to migrate to DS-Live **NOW** for the following fees* by going to <https://ds-live.com.au/home/index>

OPTION A	Annual Fee	Quarterly Fee	Monthly Fee
DS-Live Subscription with <i>YOUR</i> SIM Card YOU DO NOT NEED TO UPGRADE YOUR SIGN CONTROLLER	\$150*	\$39*	\$13.25*

IF you have the following controllers and are wanting the DS-Live Subscription with the **Data Signs SIM Card** – Option B (faster speed and much greater security) then the following will apply:-

OPTION B	Annual Fee	Quarterly Fee	Monthly Fee
