DataSign-VMS Warning Sign

USE YOUR DATASIGN-VMS AS AN EMERGENCY WARNING SIGN.

Need a FIRE WARNING or MESSAGE Sign that you can perform ‘live-updates’ remotely ‘on-the-fly’, but don’t want exorbitant ongoing fees? Then speak to Data Signs today to find out the latest solutions in hardware, software and solar powered mobile signs.

Predefined and ‘easy-to-select & show’ images that meet your fire rating or other live-update requirements. At two clicks of the mouse button, update your Sign in seconds with new advisory messages or alerts (note - requires sim card and mobile phone coverage).
